

SHUBHAM GIRI

Computer Engineering Student

+91 8104625140 @ shubhamgiri729@gmail.com Mumbai

SUMMARY

I am a motivated Computer Engineering student with solid foundations in web development, programming, and databases. I am seeking an entry-level Software Engineer or Graduate Engineer Trainee role where I can effectively apply my skills in JavaScript, React, Python, SQL, and cloud fundamentals to build scalable applications while continuously learning and growing in a professional environment .

SKILLS

Programming Languages

Python, Javascript, Kotlin, C programming, PHP

Web Technologies

HTML5, CSS3, Javascript, React js

Database

Mysql

Tools

VS Code, Git, GitHub, Oracle SQL, Android Studio, WEKA, Cisco Packet Tracer, Star UML, Google Cloud Platform

PROJECTS

Online Banking System - Minor to Major Account Upgradation

- Developed a web-based banking application enabling minor account holders to upgrade to major accounts through online form submission and document verification
- Implemented all banking features, role-based access, authentication, and database integration

LocalKart - E-Commerce Website with Local Shop Integration

- Developed a full-stack e-commerce platform promoting local businesses with product listing, shop-name-based filtering, and order management
- Implemented separate dashboards for customers, shopkeepers, and admin, along with user authentication and an AI-based chatbot for real-time support in a responsive and scalable system

EDUCATION

Bachelor of Engineering (computer engineering)

Terna Engineering College

08/2023 nerul

CGPA

7.84

12th (Higher Secondary)

S K Somaiya College of Arts Science & Commerce

08/2021 - 05/2023 Vidyavihar

percentage

65.5 %

10th (Secondary School)

Suyash Vidyalaya

06/2019 - 05/2021 Pantnagar

percentage

89.6 %

Certifications & Licence

- Python Certification by FreeCodeCamp
- Responsive Web Design by FreeCodeCamp
- Introduction to Frontend Web Development by Simplilearn
- The Complete Android 14 & Kotlin Development Masterclass by Udemy
- Google Cloud Arcade Program
- Deloitte Australia Data Analytics Job Simulation on Forage
